RETURN TO TABLE OF CONTENTS

1. Introduction and Overview

1.1 School Calendar

LINK TO SCHOOL CALENDAR

This calendar complies with Board Policy 8210 and MCL 388.1701, requiring 1,098 instructional hours over a minimum of 180 days.

1.2 School Hours

The regular daily school schedule begins at 7:45 AM and ends at 3:00 PM.

1.3 Attendance and Truancy Policy

Regular school attendance is essential to academic success. In accordance with Board Policy 5200 and state law, all students are expected to attend school each scheduled day and arrive on time. Absences should be reported to the school office by 3:00 PM on the day of the absence. Excused absences include personal illness, medical appointments, religious observances, family emergencies, mandated court appearances, and other situations approved by the school administrator. Documentation may be required for certain excused absences.

To address unexcused absences, the school follows a tiered intervention system. At **5** unexcused absences, the school will notify the parent/guardian and may request a meeting. At **10** unexcused absences, a required meeting with school leadership will be scheduled to discuss attendance concerns and supports. At **20** unexcused absences, the school may refer the student to the local truancy officer, Intermediate School District (ISD) attendance department, Child Protective Services, or county court system. If a student accumulates **30** consecutive unexcused absences without contact from a parent or guardian, the school may initiate withdrawal procedures and report the student as truant to the ISD.

A student may also be identified as chronically absent if they miss more than 10 enrolled school days, regardless of whether the absences are excused or unexcused. This includes frequent tardiness or early check-outs that result in lost instructional time. In such cases, the school may initiate a formal attendance improvement plan and may consult with the student's academic support team.

If a student's absences are due to a medical, mental health, or physical condition, the school will review whether the student may qualify for protections under Section 504 of the Rehabilitation Act or the Individuals with Disabilities Education Act (IDEA). The school is committed to working with families to ensure all students have equitable access to learning.

All attendance interventions, parent meetings, referrals, and communications will be documented by the school and reported as required by law. Your partnership in supporting consistent, on-time attendance is critical to your child's success

1.4 Make up Work for Absence from School

Students are responsible for getting and completing any work they have missed due to absence from class. In cases of extended absence of more than five days due to illness, a student may request special consideration for additional time to make up work. Parents/guardians may request this in writing.

1.5 School Cancellation and Communication Channels

Notice of school cancellation is given by announcements on local television, School Messenger, and Class Dojo. The school website and front office will also provide important updates. Families are responsible for keeping contact information up to date at all times.

1.6 School Newsletter

The link to a monthly newsletter will be posted on Class Dojo.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

1.7 Student Privacy and Media Consent

The school is committed to protecting the privacy and safety of all students in accordance with the Family Educational Rights and Privacy Act (FERPA) and internal policy. To honor this commitment, staff and volunteers will not photograph, video record, or audio record students whose parents or guardians have submitted written notice opting out of media permissions.

Upon enrollment, families are asked to complete a media consent form indicating their preferences regarding photography, video, and audio recordings of their student. These images or recordings may be used in newsletters, social media, classroom apps, marketing materials, or news stories that promote the school's mission and culture. If a parent or guardian chooses to opt out, the school will make every effort to exclude the student from any public-facing content.

Classroom- or teacher-directed use of digital platforms (such as communication apps or learning portfolios) that include student photos or videos will not occur if parent or guardian chooses to opt out. This includes apps like ClassDojo, Seesaw, or Google Classroom. Staff will not privately share media content that features students and will only post content through approved school communication channels.

Parents and guardians may update their media consent preferences at any time by contacting the school office in writing. The school will honor all opt-out requests promptly and respectfully.

1.8 Verbal and Written Communication Policy

To promote effective, respectful, and timely communication among families, staff, and school leadership, all concerns or questions should be routed to the appropriate person as soon as possible. Prompt, direct communication fosters collaborative problem-solving, helps avoid misunderstandings, and ensures that each concern is addressed at the right level.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

All communications should reflect our shared commitment to respectful dialogue and mutual problem-solving. For urgent concerns that impact a child's immediate health or safety, please call the school office directly.

The Academy is committed to effective communication with all families. If a parent or guardian has limited English proficiency or requires information in a different language or format, please notify the school office. We will provide translated materials or interpretation services for important school communications and meetings, in accordance with federal and state laws.

1.10 Communication Chain of Command

If a concern is not resolved at the initial level, the following communication chain should be followed in order to ensure the issue is addressed appropriately:

- Classroom Teacher
- Dean of Culture, Behavior Interventionist and/or Assistant School Leader *(if applicable)*
- School Leader
- Superintendent
- Chief of Staff
- Chief Executive Officer
- Academy Board of Directors – *For concerns that remain unresolved after all prior steps have been followed or that relate directly to board governance.*

Please note: Unless a matter involves an immediate safety concern, legal issue, or regulatory violation, each step should be followed in sequence. Skipping steps may delay resolution or prevent the appropriate context from being considered.

Parents and guardians are always welcome to address the Academy Board of Directors during the public comment portion of their monthly board meetings. While the Board does not respond to public comment during the meeting, all remarks are documented and taken into consideration.

1.11 Communication Expectations

Teachers and administrators strive to maintain strong, respectful communication with families. To support this, the following expectations apply:

- Response Time: Staff will respond to emails and voicemails within one school day, excluding weekends, holidays, and scheduled breaks.

- Urgent Messages: Urgent changes (such as end-of-day transportation) must be communicated by phone to the school office. Staff may not see emails or other messages during instructional hours.
- Personal Contact: Calling or texting a staff member's personal phone is discouraged, unless previously agreed upon and contextually appropriate (e.g., field trip emergency). Respecting personal boundaries helps staff maintain focus and balance.
- Tone and Purpose: All communication should be courteous, student-centered, and focused on partnership. Constructive, solutions-oriented dialogue is essential to supporting students' growth and wellbeing.

By following these guidelines, we ensure communication is efficient, professional, and respectful of everyone's time and role.

2.7 Governance and Accountability

In alignment with Board Policy 2700, the Academy publishes an annual P.A. 25 Report containing student achievement data, teacher qualifications, and school improvement status. It is available online and upon request.

2.8 Student Rights and Responsibilities

The Academy believes that student growth is best supported in a school environment rooted in safety, dignity, and mutual respect. We are committed to fostering a culture where every student, regardless of age, is valued, guided, and held to high expectations. Students are entitled to protections and privileges guaranteed by state and federal law. With those rights come important responsibilities to their school community.

The following rights and responsibilities form the foundation for how we learn, grow, and relate to one another:

The Right to Civil Dignity
All students have the right to be treated with kindness and respect and to learn in an environment free from bullying, harassment, and discrimination. With this right comes the responsibility to treat others with dignity and to avoid behavior that harms or excludes.

The Right to Education
Students have the right to attend a tuition-free public school and access a high-quality academic program. They are responsible for attending regularly, engaging fully, and following rules that support a productive learning environment.

The Right to Due Process
Students have the right to fair and respectful discipline, including the right to be heard and to appeal major decisions. They are expected to cooperate with school processes that promote learning and well-being.

The Right to Expression
Students may respectfully express ideas and beliefs, provided their expression

does not disrupt learning, compromise safety, or violate community standards for respectful communication.

The Right to Privacy
Students have the right to reasonable privacy in personal matters and educational records. This right is balanced with the school's obligation to ensure safety and comply with the law.

The Right to Support and Belonging
Especially for our younger learners, students have the right to be nurtured, guided, and encouraged by trusted adults. They are responsible for doing their best, following directions, and helping their peers feel safe and included.

Expectations for student behavior, academic integrity, and community responsibility are further detailed in the school's Code of Student Conduct. This document is shared annually and is available at the end of this handbook. Parents and guardians are asked to review it with their children and return a signed acknowledgment form confirming their understanding.

3. Educational Program and Academic Policies

3.1 Educational Philosophy & Curriculum Overview

Dove Academy uses the following curriculum:

- English Language Arts: RedThread (ELA pilot)
- Mathematics: Eureka Math Squared
- Social Studies: Oakland Atlas
- Science: Mystery Science and Foss

We also provide a robust selection of enhancements that include physical education, foreign language, dance, and art.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

No matter the grade or the course, we are focused on instruction that builds independent student learning. Grade level teachers plan lessons that are rigorous and provide opportunities for students to demonstrate excellence in their learning. There is a focus on building communication skills, both among their peers and addressing adults, and in supporting one another in knowledge construction.

We believe that all children have the potential to succeed at high levels, and our instruction and our curriculum will support students in being ready for their next step and ultimately ready for the college of their dreams. We know that the human brain is not only wired to learn, but loves to learn and we continually seek opportunities for students to experience the joy of accomplishing difficult tasks.

We know that on occasion some students may need additional support or need to work in a different way, and we have teams of staff to support them, without lessening the quality of their contribution and achievements. We employ an MTSS (Multi-Tier System of Support) that is designed to identify students who may be struggling with a concept or a skill and to provide a quick intervention to get them back on track. You may be notified if your child has been identified for an intervention. Student progress is monitored every six weeks, if a student is back on track, they will seamlessly slide right back in with their peers.

3.2 Additional Instructional Programs

- After School tutoring - 3 sessions for invited scholars
- National Junior Honor Society - Invited students in grades 6-8

3.3 Field Trips / Field Studies

The Academy supports field trips as meaningful extensions of classroom learning, aligned to curriculum and approved in advance by school leadership. In accordance with Board Policy 2340, any trip that involves overnight travel, goes out of state, or exceeds 100 miles requires prior approval from the Academy Board of Directors. All other trips must be approved by the Educational Service Provider.

Written permission is required for all students attending a field trip. Parents may sign a blanket permission form for walking-distance trips. A separate form is required for each

trip involving travel. Emergency Medical Authorization forms must be on file and will be carried by staff on all trips.

A minimum of one adult chaperone per ten students is required, with adjustments based on age or activity. Chaperones must meet the school's volunteer requirements. While on a field trip, students are expected to follow all school rules and the Code of Conduct. Students with documented unsafe or inappropriate behavior may be excluded from participation at the discretion of the School Leader.

Students will not be denied participation due to financial hardship. Families unable to cover trip costs should contact the School Leader. If a student does not attend, an alternate learning activity will be provided at school.

Teachers will clearly communicate the purpose of the trip, along with key details such as destination, timing, and expectations. Transportation will follow all Board-approved policies.

3.4 Report Cards / Progress Reports / Conferences

Academic report cards for all students are distributed quarterly. Parents are encouraged to discuss the information on the report card with their child and to encourage excellence in achievement and behavior. The purpose of report cards is to communicate to parents and students the child's progress on the knowledge and skills the student is working on in class and to provide insight into the child's behavior.

Classroom teachers will arrange at least two planned conferences with each child's parent(s)/guardian per year. It is understood that educators shall, if necessary, arrange additional conferences with parents. Conferences with educators must be scheduled during non-instructional time.

3.4.1 Grading Scale

K-6: Standards Based Grading

Report cards are issued at the end of each grading period and provide a clear picture of how your child is progressing toward grade-level expectations. Our school uses standards-based grading, which means student performance is measured against

specific learning goals rather than being compared to other students. This approach helps families understand exactly what their child knows and can do, and where they may need more support. Instead of receiving a single overall grade, students are rated on their progress toward mastering individual skills and concepts in each subject area. This allows for a more accurate and meaningful reflection of your child's learning and growth.

Understanding Your Student's Growth

Growth Scale				
1 = Below Expectations	2 = Developing	3 = Meeting Expectations	4 = Above Expectations	N/A = Not Yet Introduced

6-8: A - F Letter Grading

Report cards are issued at the end of each grading period and reflect your child's academic performance in each subject using traditional letter grades (A – F). These grades represent the quality of work completed, understanding of content, and overall progress toward grade-level expectations. In addition to academic subjects, effort and behavior may also be noted. Families are encouraged to review report cards with their child and reach out with any questions or concerns. Our goal is to keep you informed and involved in your child's learning journey. The grading scale is as follows:

Understanding Your Student's Final Grade

Grade Level Scale				
A = 90% - 100%	B = 80% - 89%	C = 70% - 79%	D = 60% - 69%	F = Has not demonstrated learning that prepares them for the next stage.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

3.4.2 Progress Reports

Progress reports are shared mid-way through each marking period to keep families informed of their child's academic performance and classroom habits. These updates are meant to open the door for support, questions, and partnership between home and school.

3.4.3 Parent Teacher Conferences

Parent-teacher conferences are scheduled at key points during the year to foster open communication and a shared commitment to student success. These meetings offer a dedicated time to discuss strengths, challenges, and how we can work together to support your child's growth.

3.5 Retention (including K-12 Literacy and Dyslexia Law)

At our school, students in Kindergarten through 3rd grade take state-approved reading assessments three times a year to track their literacy growth. These assessments help us identify students who may need additional support. If your child is not meeting grade-level expectations, you will be notified in writing. When a reading concern is identified, your child will receive an Individual Reading Improvement Plan (IRIP). This personalized plan outlines the specific support your child will receive during the school day and includes activities and strategies you can use at home. You will be involved in developing the IRIP and kept informed of your child's progress through regular updates. Reading support is tailored to your child's needs and may include small group or one-on-one instruction using proven, evidence-based methods. We value partnership with families and encourage open communication. You are welcome to request a meeting at any time to discuss your child's reading progress or the interventions in place.

Starting in the 2027–2028 school year, all Michigan schools will screen students in Kindergarten through 3rd grade for signs of dyslexia. If characteristics of dyslexia are identified, your child will receive reading intervention that is explicit, systematic, multisensory, and aligned with the science of reading. For students in grades 4 through 12, screening will occur when there is evidence of characteristics of dyslexia or a dyslexia diagnosis. If screening confirms characteristics of dyslexia, students will

receive targeted intervention using structured literacy approaches. Instruction will be adapted to meet each student's needs to ensure reading success.

Families play a vital role in supporting literacy development. If your child has been evaluated for dyslexia or a learning disability outside of school, please share that information with us. That information can help guide how we support your child. Additionally, students who qualify may receive services under federal special education law, including the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act.

3.5.1 Other Promotion, Placement, and Retention

Promotion and retention decisions are made individually and are based on a student's academic achievement, progress toward grade-level standards, social and emotional development, attendance, and other relevant factors. The school provides interventions and supports before retention is considered and works closely with families throughout the process.

3.6 Homework

Homework is a meaningful extension of classroom learning, designed to reinforce skills, support academic growth, and build independent work habits. Assignments are thoughtfully planned to match student needs and are never given as punishment.

Families can support homework by providing a quiet space, encouraging time management, and communicating with teachers when needed. Together, we can help students take ownership of their learning and thrive both in and out of the classroom.

3.7 Student Portfolios

As part of the Academy's approach to assessing student learning and growth, a portfolio is maintained for each student. Portfolios are collections of work that demonstrate progress, reflect learning over time, and provide insight into both academic achievement and personal development.

Portfolios may include writing samples, projects, assessments, goal reflections, or other meaningful evidence of learning. They are used alongside other assessment tools to support instructional planning and to help students take ownership of their growth.

Portfolios may be reviewed during parent-teacher conferences or student-led conferences, and families are encouraged to view them as a way to celebrate progress and discuss areas for improvement. Each school will determine the specific format, contents, and use of student portfolios based on grade level and instructional goals.

3.8 Testing and Assessment

The Academy administers state-mandated assessments at grades 3rd - 8th. The Academy also administers a computer-based adaptive assessment in math and reading three times a year in grades K - 8th, as a requirement of our authorizer and charter contract. This enables us to more effectively and accurately monitor the growth and identify the needs of our students. The results of the state assessment test, and the computer-based test, are used to guide instruction, target individual student needs, and assist in the improvement of curriculum and instruction. Parents and guardians will be sent individual scores of their children when they are available. Test scores will be included in the child's cumulative folder.

3.9 Character Choices Program

We believe strong character is essential to student success. Our Character Choices program focuses on nine core traits: Respect, Responsibility, Cooperation, Compassion, Good Judgment, Integrity, Perseverance, Courage, and Citizenship.

These traits are modeled, taught, and reinforced throughout the school day and embedded in classroom routines, academic instruction, and school culture. Families are encouraged to support these values at home to strengthen consistency and impact.

Whether through direct lessons, restorative practices, or daily interactions, Character Choices helps students grow into thoughtful, responsible individuals, prepared for school, life, and leadership.

4. Student Support Services

4.1 Special Education and 504 Plans

The Academy to provide appropriate educational programs for children who are identified with disabilities and who have an approved Individual Educational Plan (IEP). The Academy embraces the instructional practice known as inclusion. When the IEP calls for pullout services, the student will be permitted to leave the classroom to work with a properly trained professional special educator. The goal of special education programming is to provide students with an educational program that best meets their individual needs in the least restrictive environment. This means that, to the maximum extent appropriate, students will be provided programs and/or within the regular education classroom with the necessary support.

The Academy enjoys an excellent working relationship with the local intermediate school district or RESA, Wayne Regional Education Service Agency. The WRESA provides a parent resource center which provides parents with comprehensive resources on rights of the disabled, responsibilities of the school, support systems for parents and children, and educational programs available.

If you have concerns about your child's progress, arrange to speak with your child's teacher. For further information on all special education services and programming, contact the school leader.

4.2 Child Find / Academic Interventions

The objective of the Academy is to ensure that the child receives the instruction, support, and services needed to succeed in school. It is the Academy's intention to:

- Engage first in preventative and targeted instruction and intervention
- Design and conduct comprehensive evaluations that identify each student's individual learning needs, ensure proper implementation of Child Find, and determine the most appropriate instructional programs and accommodations based on the student's performance, educational opportunities, and response to high-quality instruction over time.
- Select every component of the evaluation based on its relevance for creating the student's instructional program.

- Consistent with the mandates in IDEA 2004, a comprehensive evaluation includes:
- A variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child (Sec. 300.304(b)(1))
- An observation of the student in the learning environment, including the regular classroom setting (Sec. 300.305(a)(1))
- Determination that underperformance is not primarily the result of a visual, hearing, or motor disability; intellectual disability; emotional disturbance; cultural factors; environmental or economic disadvantage; or limited English proficiency (Sec. 300.309(a)(3)(i-vi))
- Determination that underperformance is not primarily the result of a lack of instruction, i.e., student performance data indicating that the student (a) was provided appropriate instruction in regular education settings delivered by qualified personnel (Sec. 300.309(b)(1)), and (b) received repeated assessments of achievement at reasonable intervals (Sec. 300.309(b)(2)), to ensure that underachievement is not due to lack of appropriate instruction. Additionally, consideration should be given to whether the student's attendance has significantly limited their access to instruction, as chronic absenteeism is strongly correlated with reduced academic achievement.

Also consistent with IDEA 2004, the Academy believes that:

- The determination of a specific learning disability must be made by the child's parents and a team of qualified professionals (Sec. 300.308)
- Parents must be provided with the results of repeated assessments of achievement (Sec. 300.309(b)(2))
- For students participating in a Multi-Tiered Systems of Support (MTSS) program, parents must be notified about their state's policies about the collection of student performance data, strategies for increasing the child's rate of learning, and their right to request an evaluation (Sec. 300.311(a)(7)(ii))
- The MTSS process must not be used to delay or deny an evaluation but should offer data, both academic and behavioral, to help problem solve and analyze issues regarding learning and help inform the development of effective instructional plans for students found to have a Specific Learning Disability (SLD)

- Evidence of a pattern of strengths and weaknesses in performance, achievement or both should be included, and must be designed to help guide the development of the child's instructional program.

MTSS records can indicate whether or not the child (a) achieves adequately for age or grade level when provided with appropriate instruction, and (b) makes sufficient progress to meet age or grade level standards based on the child's response to scientific, research-based intervention. Evidence that the student is improving when provided with general education interventions indicates that the student is not in need of special education services, a requirement for placement in special education.

4.3 English Language Learner (ELL) Services

The school is committed to supporting English Learners (ELs) as they develop proficiency in English while accessing grade-level academic content. In accordance with federal Title III guidelines and the Michigan Department of Education's English Learner policies, the following procedures and supports are in place:

All students enrolling in the school complete a Home Language Survey (HLS) as required by the State of Michigan. If a language other than English is indicated, students are screened for English language proficiency using the WIDA Screener (Grades 1–12) or WIDA MODEL for Kindergarten.

Students identified as English Learners receive instructional support based on their English Language Proficiency (ELP) level. Services may include:

- Designated English Language Development (ELD) instruction
- Push-in or pull-out support from an ELL specialist or trained staff
- Use of appropriate language accommodations and instructional technologies
- Ongoing collaboration between general education and ELL staff

The amount and type of support is determined by each student's ELP level, academic needs, and classroom context.

The school reviews ELL program implementation annually and ensures compliance with Civil Rights obligations, Title I and Title III funding requirements, and MDE guidelines.

4.4 McKinney-Vento Homeless Education Assistance

The Academy is committed to supporting all students, including those experiencing homelessness. In accordance with the McKinney-Vento Homeless Assistance Act, students who lack a fixed, regular, and adequate nighttime residence have the right to:

- Immediate enrollment, even if records are unavailable at the time of registration.
- Attend their school of origin or the school nearest to their temporary home.
- Receive support services, including access to free school meals and school supplies.
- Full participation in all school programs and activities.

If your family is experiencing housing instability, please contact the school's Homeless Liaison Carlton Jackson for support and assistance. All information shared will remain confidential.

RETURN TO TABLE OF CONTENTS

It is extremely important that the student's first and last names be written with indelible marker in all clothing worn to or at school (this should be done for all students in all grade levels (K-6). Initials are not adequate because some of the students have the same initials.

All students are invited to wear their Class College apparel or College colors for the University that their class selects for the school year each Friday. Students will be asked to dress in specific colors for various special events throughout the school year. Notifications will be sent home with all students when these special events occur.

Students who are representing Dove Academy at an official function or public event may be required to follow specific dress requirements. As a representative of Dove Academy, all students must follow the dress code when participating in any school sanctioned field trip.

Please remember that the dress code policy will be enforced for all students in grade levels K-8. The following procedure will be used for dress code violations:

- 1st Offense - Verbal and written warning
- 2nd Offense - Write-up and Contact Parent/Guardian via phone, Class Dojo or email
- 3rd Offense - Parent Conference with Student Advocate and/or School Leader(s)

regular floor length pants, worn at waist level and not excessively baggy). Clothing is to be clean, without holes, and in good repair.

- Students who come to school inappropriately dressed will need to contact their parent/s. It is our expectation that a proper change of clothing will be provided upon request. 6. Health and Safety

The health and wellness of our students is a top priority. Families are expected to partner with the school to ensure a healthy and safe environment for all students.

6.1 Illness and Injury Guidelines

Students who are ill must remain at home until they are symptom-free for 24 hours without the use of medication. This includes fever, vomiting, diarrhea, or any contagious condition. Parents and guardians should notify the school office when a student is absent due to illness. The school may require a doctor's note for return in cases of communicable diseases.

The school does not have facilities to care for the children when they are sick. If your child becomes ill while at school, you will be notified using the information you provided on your Child Information Card. Please have a plan so that you, or your emergency person, will be able to pick your child up promptly if necessary. Children should not attend school when the following conditions are present:

- Temperature above 100 degrees.
- Unusual drowsiness, excessive sleep or the child appears ill.
- Vomiting two or more times in a 24-hour period.
- Three or more loose or watery bowel movements in a 24-hour period.
- Body rash with fever.
- Severe cough or difficulty breathing.
- Red swollen eyes or pus draining from eyes.
- Open areas on the skin
- Ringworm, lice, or pinworm
- Any other confirmed communicable illnesses

6.2 Medications at School

Medications will only be administered at school with written authorization from a parent or guardian and, where applicable, a physician, in accordance with Board Policy 5330. Emergency medications (e.g., EpiPens, inhalers) must be provided

directly to the school office in their original containers, accompanied by all required medical documentation.

6.3 Immunization Requirements

In accordance with Board Policy 5320 and state law (MCL 333.9201 et seq.), all students must provide documentation of up-to-date immunizations or an authorized waiver prior to enrollment or by the first day of school. Acceptable documentation includes an official immunization record, a physician-certified medical contraindication form, or a certified nonmedical waiver issued by the local health department following a vaccine education session. Students without proper documentation may not attend school until requirements are met. When providing health information to families in grades 6, 9, or 12, schools will also include information about the meningococcal and HPV vaccines.

6.4 Physical & Mental Well-being

Our school is committed to supporting the physical and mental wellness of every student. In alignment with Board Policy 8510, we provide age-appropriate opportunities for physical activity throughout the day, including physical education, recess, and movement-based classroom activities. Students are encouraged to develop healthy habits that support lifelong wellness, such as regular exercise, balanced nutrition, and responsible screen use. Our physical education program emphasizes fitness, motor skill development, teamwork, and a positive attitude toward physical activity. We also promote nutrition education and provide clean, safe eating environments with access to fresh drinking water. Families are vital partners in reinforcing these wellness habits outside of school. Together, we aim to support the whole child physically, mentally, and emotionally.

To further support student wellness, we offer access to the School Assistance Program (SAP) through a partnership with Pine Rest Mental Health Services. This program provides free, confidential counseling with up to five sessions per episode of care for students and their household members. Counseling is available for a wide range of challenges including academic stress, anxiety, grief, and family transitions. In-the-moment phone support is available 24 hours a day, 7 days a week.

In addition to counseling, SAP offers families access to:

- Personal Advantage, an online library of articles and tools on health, wellness, legal, and financial topics.
- Wallet Wisdom, a financial wellness resource with calculators, webinars, and planning tools.
- Free consultations on elder care, financial planning, legal concerns, infant feeding, and real estate questions.

All SAP services are voluntary and confidential. The school is not notified when students or families use the program. Participation in SAP does not affect a student's school record or academic standing.

To access SAP,

- Call 800.442.0809
- press 1, and follow the prompts.
- **When prompted, say: "I have a SAP with Dove Academy of Detroit."**

You can also visit www.pinerest.org/PAL and enter your school-specific username.

We encourage families to use this resource to promote mental well-being, strengthen family resilience, and support student success.

6.5 Concussion Awareness

In accordance with Michigan law, the Academy provides annual concussion awareness education to families of students participating in any school-sponsored athletic activity.

Before participating, students and their parent/guardian must review a concussion information sheet and sign an acknowledgment form. These forms are kept on file with the school. Coaches and school staff are trained to recognize concussion symptoms and follow proper return-to-play procedures.

If your child is injured during a school activity, we are committed to their health and recovery and will follow all return-to-learn and return-to-play protocols.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

6.6 Emergency Contacts / Child Information Card

Each year, families must complete and return an Emergency Medical Authorization Form and Child Information Record. These documents provide critical contact information and medical directives in the event of illness, injury, or emergency. It is the parent or guardian's responsibility to keep this information accurate and up to date throughout the school year. A copy of the form will be maintained in an accessible file in the school office. Staff accompanying students on off-site events, such as field trips, athletic events, and competitions, are required to carry these emergency forms. Please notify the school immediately of any changes in phone numbers, emergency contacts, or medical conditions. Failure to provide updated information may delay emergency care.

6.7 Student Accident Insurance

The Academy cares deeply about the safety and well-being of all students. At the start of each school year, families are given the option to enroll in a group student accident insurance plan offered through an outside provider. This insurance is voluntary and paid for by the parent or guardian.

Participation in certain school-sponsored athletic, co-curricular, or other higher-risk activities may require families to confirm that the student is covered under an existing insurance policy or to purchase supplemental accident insurance. A signed statement of coverage may be required before a student is allowed to participate in those activities.

Information about available student accident insurance options, including how to enroll, is available in the school office.

6.8 Pesticide Use & Prior Notification

The Academy utilizes an Integrated Pest Management (IPM) approach to control pests. IPM is a pest management system that utilizes all available and appropriate techniques to attain the goal of preventing pests from reaching unacceptable levels or to reduce an existing population to an acceptable level. Pest management techniques emphasize pest exclusion and biological controls. However, as with most pest control programs, chemical controls may also be utilized at our facility.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

This notice has been provided in compliance with MCL324.8316. We are also required to notify you of your right to review the IPM Plan and IPM records. View the Prior Notification Request form here.

6.9 Asbestos Management Plan

As per AHERA (40CFR 763.80) Rule, the Academy is required to notify all students, staff, guardians, outside contractors, and community members of the availability of the AHERA Management Plan for their inspection and review. A copy of this plan is available at the school office for your review during normal business hours or on the schools transparency website located on their school website. Periodic (6 month) inspections are performed by properly trained staff members. At this time there are no planned asbestos abatement activities for the upcoming year. Should the need for abatement arise, all building occupants and their guardians will be notified in writing in advance.

6.10 School Safety and Emergency Procedures

The Academy conducts regular emergency drills throughout the school year to prepare students and staff for fire, tornado, and lockdown situations. These drills are required by Michigan law and are designed to ensure everyone knows what to do in case of an emergency. A record of completed drills is posted publicly on the school's website in compliance with state requirements. Parents and guardians are encouraged to talk with their children about the importance of safety preparedness.

6.10.1 Standard Emergency Response Plan

To protect the safety of students and staff during emergencies, our school uses the Standard Response Protocol (SRP), a nationally recognized framework developed by the "I Love U Guys" Foundation. SRP is a clear, action-based emergency response model designed to equip schools with consistent terminology and procedures for addressing a range of incidents, including weather events, accidents, intruders, and hazardous conditions.

The SRP provides five specific directives that guide our response to different types of emergencies. These actions are easy to learn, simple to follow, and universally

understood within the school community. They are reinforced through routine training and drills throughout the school year.

These five (5) actions are used when SRP is initiated:

HOLD - In your classroom or area
Protocol used when hallways need to be kept clear of occupants.

SECURE - Get Inside. Lock Outside Doors
Protocol used to safeguard people within the building.

LOCKDOWN - Locks, Lights, Out of Sight
Protocol used to secure individual rooms and keep occupants quiet and in place.

EVACUATE - Evacuate may be followed by a location, and is used to move people from one location to a different location in or out of the building.

SHELTER - State the hazard and the safety strategy for group and self-protection.

All staff receive annual SRP and Emergency Operations Plan training. Students participate in required safety drills including lockdown, evacuation, and severe weather scenarios, in full compliance with state law and Board Policy. These efforts ensure that everyone on campus knows how to respond appropriately in various situations.

In the event of an emergency, families will be notified promptly through our automated messaging system by phone, text, and email as quickly as it is safe and practicable to do so. Should relocation or extended response procedures be necessary, instructions will be shared clearly and promptly. The SRP strengthens the school's overall emergency preparedness by providing a reliable and unified language and approach to safety for staff, students, and families.

6.10.2 Fire and Tornado Drills

Fire and tornado drills are regularly scheduled to educate students in safe practice in case of an emergency. The teacher will review rules of safety and evacuation routes with students. Evacuation routes and tornado watch locations are posted in each

classroom and area of the Academy. The teacher or person responsible for a group of students will take attendance to determine the presence of all students who are in attendance on that day. Students and staff will return to class when the teacher is given approval via verbal or hand signaling by the School Leader or school secretary.

6.10.3 Tornado Emergencies

Students will not be dismissed from school when there is a tornado watch, warning, or actual tornado. During a tornado watch, students will remain inside the building in designated areas, local radio stations will be monitored, and staff will take safety precautions. Students will be released to their parents or guardians, or designated adults as requested. During a tornado warning or tornado, all students and staff members will remain in the building. Everyone will take shelter in designated areas and will follow outlined safety precautions. Students may be detained beyond the usual dismissal time. Parents and guardians who have come to the school to pick up students are encouraged to stay at school until the tornado warning or tornado has passed and safe conditions prevail. Out of respect for parental responsibility for their children, a student will be released to parents and guardians only.

6.10.4 Lock Down Drills

In compliance with Michigan law and in partnership with local law enforcement, the school conducts a minimum of three (3) lockdown drills each school year to prepare students and staff for emergency situations that may involve an intruder or other threat to building security.

Lockdown drills are designed to practice procedures that help keep students and staff safe in the unlikely event of a real emergency. These drills focus on:

- Securing classroom doors and limiting visibility
- Remaining silent and out of sight
- Following directions from school personnel and first responders
- Practicing calm, orderly behavior under stress

Drills are age-appropriate and developmentally sensitive. Teachers are trained to communicate the seriousness of the drill while helping students feel safe and supported.

Staff are encouraged to review and practice safety procedures in advance with students.

We understand that lockdown drills can be unsettling for some students. Teachers and support staff are available to answer questions and provide reassurance. If your child experiences anxiety related to safety drills, please contact the school so that additional support can be offered.

If a real lockdown occurs, parents and guardians will be notified as soon as it is safe to do so through official communication channels. In such events, parents and guardians should not attempt to enter the building or call staff directly. The safety and accountability of all students depend on uninterrupted emergency protocols.

7. Nutrition and Wellness

7.1 School Meals Program

Our school participates in the National School Lunch Program and School Breakfast Program which ensures access to nutritious meals for all students. Our schools participate in the Community Eligibility Program (CEP), which allows us to offer free meals to each student.

- Breakfast and lunch are available daily, free of charge to all enrolled students.
- Students with food allergies or medical dietary restrictions must have a completed and physician-signed dietary accommodations form on file with the school office. Accommodations cannot be made without this documentation.
- Outside food deliveries (such as DoorDash, Uber Eats, or fast food) are not permitted for students during the school day, including lunchtime. This policy exists to support food safety and minimize classroom disruption.
- Meal times are structured to build student independence and foster respectful, community-centered behavior. Students are expected to clean up after themselves, practice good manners, and follow staff directions at all times.

Please contact the front office with any questions regarding meal service, accommodations, or application assistance. We are committed to ensuring all students have access to safe, healthy meals in a welcoming environment.

7.2 Snacks

The Academy is committed to promoting student wellness and supporting healthy eating habits during the school day. Students may bring a small, nutritious snack from home to eat during designated times. Snacks should be manageable in portion and promote focus and learning. Water is the preferred beverage; non-carbonated drinks are permitted. **Soda and energy drinks are not allowed.** In accordance with Board Policy 8510, all food and beverages that are provided on campus during the school day, including those brought for classroom snacks, birthday treats, or holiday celebrations, must comply with the food and beverage standards approved by the Educational Service Provider. Students are not permitted to share food, as this helps protect students with food allergies and sensitivities. Families should follow any posted classroom allergy guidelines. If your child has food allergies or dietary restrictions, please notify the school and ensure this information is recorded on the Child Information Card. These practices help support a safe, healthy, and inclusive environment for all students.

7.3 Birthday Snacks and Holiday Celebrations (individual/optional)

Sometimes families like to provide a special treat on a child's birthday. We welcome the opportunity to celebrate. Please speak to your child's teacher about birthday treats. Grades K-8 have holiday parties throughout the year. Parties must comply with the USDA mandated wellness policy and practices. **Due to health regulations, only store bought treats are for celebrations.**

7.4 School Wellness Policy

The Academy promotes student health and wellness in accordance with Board Policy 8510 – School Wellness Policy. This Board-approved policy supports healthy eating, nutrition education, and regular physical activity through measurable goals and school-wide practices. All foods and beverages made available on campus during the

school day, including classroom celebrations, must meet the nutrition standards established by the Board and aligned with USDA guidelines. The policy also encourages parent, guardian, and community participation in the development, implementation, and periodic review of wellness practices.

8. Arrival, Dismissal, and Transportation

8.1 Student Drop-off and Pick-up Procedures

Doors open at 7:45 a.m. for student arrival. Parents may circle through the designated parking lot and drop-off their children at the entrance of the school based on grade level; children should proceed to their designated area with their teacher. Students who are leaving school at the end of the school day are to be picked-up at the end of last regular class time in their designated grade level parking lot. Students are to be picked-up by a parent/caretaker or person designated by the parent/caretaker. Students are not to be unsupervised at any time during the school day or before and after school.

8.2 Early Dismissal

Students are expected to attend school for the full day. On rare occasions, it may be necessary to pick your scholar up early from school. The parent is to notify the school in advance by written or personal request for a justifiable reason, including early dismissals for doctor's appointments, religious observations, family funerals, and other pre-arranged events. **The office is closed from 2:30 - 3:15 p.m. so no early dismissals after 2:30 p.m.** Students will only be released to parents and adults designated by the parent/caretaker and approved by the School Leader. In child custody situations, the custodial parent must properly inform the School Leader of any limitations. Michigan law calls for students to receive 1,098 hours of instruction.

8.3 E-bike, Micromobility Devices, and Motor Vehicles

For purposes of this policy, a micromobility device is a small transportation device intended primarily for one rider, including an electric bicycle, electric scooter, electric skateboard, hoverboard, one-wheel device, or similar powered or unpowered device.

Students may not bring, operate, or park bicycles, micromobility devices, mopeds, motorcycles, or other personal motor vehicles on school campus. This prohibition applies to all school buildings, grounds, parking lots, sidewalks, and outdoor areas. Possession of a valid license, permit, registration, insurance, or endorsement does not create an exception to this policy. Prohibited devices, removable batteries, and chargers may not be brought into, stored in, or charged inside school buildings.

This policy does not prohibit school-authorized transportation or vehicles used by parents or guardians to transport students during arrival and dismissal. Violations may result in parent or guardian notification, required removal of the device or vehicle from school property, or school discipline. The school assumes no responsibility for theft, vandalism, damage, or loss.

Disability-related mobility devices will be addressed individually in accordance with applicable disability laws and school accommodation procedures.

9. Technology and Internet Use

9.1 Student Acceptable Use of Technology Policy

Students are encouraged to use the Academy's computers, network, devices, applications, and internet access for educational purposes under staff supervision. Students must complete a mandatory training session/program before using Academy Information & Technology Resources and/or being assigned a school email address, in accordance with AG 7540.03 and 7540A. Before being granted access to Academy technology resources or a school-issued email account, students and their parent or guardian must also sign the Academy's Acceptable Use Agreement. These tools support learning, creativity, communication, and research. Use of technology resources is a privilege, not a right, and students are expected to act responsibly, ethically, and legally at all times.

Unauthorized or inappropriate use, including violations of this policy, may result in loss of technology privileges, disciplinary action in accordance with the Student Handbook, and/or legal consequences. Students will receive instruction on the responsible use of Academy technology resources and must sign the Academy's Acceptable Use Agreement before accessing Academy technology resources or receiving a school-issued email account. Parents and guardians are encouraged

to discuss responsible technology use with their children and reinforce the expectations outlined in this policy. Students should make choices that reflect both their family's values and the Academy's standards.

The Academy's technology systems, including student use of personal communication devices (PCDs) when on school property, at school events, or connected to school systems, rely on users following the guidelines below.

Students must comply with all Academy-established cybersecurity and acceptable use procedures.

- Parents and guardians may opt out of student use of AI tools if they raise concerns about data privacy, algorithmic bias, or age-appropriateness. A written notice is required for this opt-out. In such cases, the Academy will provide an alternative assignment that fulfills the same academic objectives, subject to teacher approval.

H. STUDENT APPEAL PROCESS

9.2 COPPA Acknowledgment

In accordance with the Children's Online Privacy Protection Act (COPPA), the Academy does not permit websites or online applications to collect personal information from students under 13 without prior verifiable parental consent. Only COPPA-compliant digital platforms that have entered into school-approved agreements may be used with students in this age group. Parents and guardians may request a full list of approved operators and opt out of specific tools.

9.3 Student Wireless Communication Device Policy

Students may use the school office phone to contact a parent or designated caregiver for school-related reasons with permission from a staff member. Families are

encouraged to make transportation and after-school arrangements in advance to minimize the need for student phone use during the school day.

For purposes of this policy, wireless communication devices (WCDs) include, but are not limited to, cell phones, smartphones, smartwatches, tablets, earbuds with communication capabilities, smart glasses (including Meta or similar devices), and any other electronic device capable of sending, receiving, recording, storing, or accessing electronic communications, audio, images, video, or internet content.

In accordance with Michigan law, students may not use wireless communication devices during instructional time unless:

- the use is required by a student's Individualized Education Program (IEP), Section 504 Plan, or other documented accommodation;
- the device is needed to monitor or manage a documented medical condition;
- a teacher or administrator authorizes its use for an instructional purpose;
- the student is using a school-issued device for educational purposes; or
- its use is authorized by school administration during an emergency or other exceptional circumstance.

Schools may establish additional restrictions on the possession or use of wireless communication devices during the school day or at school-sponsored activities to support student learning, safety, and an orderly educational environment.

Unauthorized use of a wireless communication device may result in confiscation of the device, parent or guardian retrieval, progressive disciplinary action, or other appropriate interventions in accordance with the Academy's Code of Conduct.

Students may not use any wireless communication device to photograph, record, livestream, or transmit audio, images, or video of another individual without the express permission of a teacher or administrator, except as required by an approved accommodation. Students also may not use wireless communication devices to harass, intimidate, threaten, bully, discriminate against, or otherwise harm another person, including through the creation or transmission of obscene or sexually explicit material. Such conduct may result in school discipline and, when required by law, referral to law enforcement or Child Protective Services.

Students who bring wireless communication devices to school do so at their own risk. The Academy is not responsible for lost, stolen, or damaged personal devices.

This policy is intended to comply with applicable Michigan law regarding student wireless communication devices and Board Policy 5136. Where Academy expectations are more restrictive than State law, the Academy's expectations shall apply.

10. Enrollment and Student Records

10.1 Enrollment and Re-enrollment Procedures

Families who do not submit completed enrollment paperwork by the stated deadline will forfeit their current seat. If seats become available after the enrollment period, they will be offered to waitlisted students in the order determined by the lottery. Any remaining seats will then be filled on a first-come, first-served basis.

10.2 Lottery Policy

If the number of applicants exceeds the available seats in any grade, a random lottery will be conducted to determine admission. In accordance with the school's Charter Contract and applicable law, priority will be given to designated applicant groups, such as currently enrolled students' siblings. The lottery will also establish the order of the waitlist.

10.3 Entry Age for Elementary

A child is eligible to enroll in kindergarten if he or she is at least five years of age on or before **September 1** of the school year of enrollment. A child becoming six years of age before December 1 must be enrolled in school on the first day of the school year in which the child's sixth birthday occurs or must satisfy one of the exceptions stated in law. A child must remain in school until at least their

10.4 FERPA Rights and Student Records

In accordance with the Family Educational Rights and Privacy Act (FERPA), parents and guardians and eligible students have the following rights:

- The right to inspect and review the student's education records maintained by the school.
- The right to request the amendment of records believed to be inaccurate or misleading.
- The right to consent to disclosures of personally identifiable information contained in the student's education records, except where FERPA authorizes disclosure without consent.
- The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with FERPA requirements.

FERPA rights transfer from the parent to the student once the student turns 18 or enters a postsecondary institution (eligible student). Requests to inspect or amend records should be submitted in writing to the school administration

10.5 Protection of Pupil Rights Amendment (PPRA)

The Academy values transparency and respects the rights of families. Under the federal Protection of Pupil Rights Amendment (PPRA), parents and guardians and eligible students (18 years or older) have the right to:

- Inspect instructional materials and surveys before they are administered.
- Opt their child out of participation in surveys that include sensitive information, such as political beliefs, mental health, sexual behavior, illegal behavior, or family income (other than as required by law).
- Be notified of any physical exams or screenings not required by state law.
- Review and decline the sharing of student information with third-party marketers or surveyors.

Questions or concerns may be directed to the school office or school leader.

10.6 Directory Information and Opt-Out Form

According to Board Policy 8330, the Academy may disclose appropriately designated "directory information" without written consent unless the parent or adult student advises the School to the contrary by filling out, signing, and returning the Directory

Information Opt-Out Form to the Academy. The primary purpose of directory information is to allow the School to include this information in certain school publications.

The following list of uses are those the Academy would commonly disclose a student's directory information.

Common Uses of Directory Information

- Playbill /Event Program
- Annual Yearbook
- Honor roll or other recognition
- Graduation Programs
- Sports and Activity Sheets
- Colleges or post-high school institutions

Directory information, generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's or adult student's prior written consent. Two (2) Federal laws require the Board to provide military recruiters, upon request, with three (3) directory information categories, names, addresses, and telephone listings unless parents and guardians or adult students have advised the Academy that they do not want their student's information disclosed without their prior written consent.

Directory Information

- Student's name
- Participation in officially recognized extra-curricular activities/sports
- Height and weight, if a member of an athletic team
- Date of graduation
- Achievement awards or honors received; honor rolls
- Scholarships
- Photographs or videos of students participating in school activities, events, or programs

The Board will make the above information available upon a legitimate request unless a parent, guardian, or adult student has opted out of the provision of this information by returning the Opt-Out Form to the School Office within 14 days of receipt. Directory information will not be provided to any organization for profit-making purposes. If you do

not wish to opt out of any of the above common uses, you do not need to take any action.

11. Family Partnership

At the heart of our academy's success is a strong partnership between home and school. We believe that families are more than just supporters of their child's education; they are essential partners in shaping a thriving school community. When schools and families work together, students are more motivated, confident, and successful.

We invite and encourage every family to be actively engaged in their child's academic, social, and character development. Whether through volunteering, attending events, or participating in classroom and school-wide activities, your involvement makes a meaningful impact. Together, we create a culture where every child is known, supported, and inspired to reach their fullest potential.

11.1 Partnership in Responsibility Statement

The Code of Student Conduct is titled "Partnership in Responsibility" in anticipation of parents, students, teachers, administration, support staff, and the Board of Directors forging a strong bond on behalf of the children of the Academy. The Partnership is based on mutual respect, responsibility, and results. Families are encouraged to embrace the partnership philosophy and translate it into action.

11.2 Parents' Rights and Responsibilities

At our academy, we believe in the foundational role families play in a child's education. We recognize that parents and guardians have a constitutionally protected right to direct the upbringing, education, and care of their children, and we strive to work in full partnership with families while upholding our responsibility to provide a safe, inclusive, and academically rigorous environment for every student.

Our school is committed to transparency, open communication, and meaningful collaboration with parents. We value feedback, encourage involvement, and expect that all interactions between families and staff remain courteous and constructive.

Families have the right:

- To know that their child is cared for in a safe, supportive environment.
- To access their children (unless prohibited by a court order).
- To review curriculum and request that their child be excused from instructional content that conflicts with their sincerely held religious beliefs, in accordance with applicable law.
- To receive timely communication about behavioral, health, safety, or academic concerns affecting their child.
- To access school staff during normal school hours, by appointment.
- To review teacher credentials in alignment with Board Policy 2261.02 BP.
- To review their child's educational records in accordance with FERPA (Family Educational Rights and Privacy Act).
- To participate in public comment at board meetings and engage in school governance as permitted by law.

Parents and Guardians Have the Responsibility To:

- Provide accurate and up-to-date emergency and contact information to the school.
- Notify the office promptly when their child will be absent or late.
- Follow school procedures for drop-off, pick-up, early dismissals, and other attendance-related matters.
- Cooperate with staff to support their child's academic, behavioral, and social-emotional development.
- Communicate respectfully with teachers, administrators, and school staff.
- Stay informed by reading school communications and reviewing school policies outlined in this handbook.
- Inform the school of significant changes at home (e.g., custody arrangements, family transitions, trauma) that may affect the student's behavior or wellbeing at school.
- Model positive engagement by attending parent-teacher conferences, school events, and educational workshops when possible.

We ask all parents and guardians to view themselves as active partners in our school community. When home and school work together in trust and transparency, children thrive.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

11.3 Helping Your Child Succeed

Parents and guardians play a critical role in a child's academic, emotional, and behavioral success. When families create consistent, supportive routines and maintain a positive attitude toward learning, students are more confident, motivated, and prepared to thrive.

To help contribute to a strong foundation for your child's success at school, consider the following:

- Begin each day calmly. A peaceful start helps your child feel ready to learn.
- Ensure adequate sleep. Well-rested students are more focused, emotionally regulated, and better equipped to meet academic challenges.
- Promote healthy eating habits. A balanced breakfast and nutritious meals support energy, mood, and brain function.
- Establish consistent routines at home. Predictable mealtimes, screen time limits, bedtimes, and dedicated study time create a secure environment and reduce stress.
- Support regular school attendance. Every day of instruction matters. If your child is healthy, send them to school ready to learn. If they are sick, allow them to rest and recover at home.
- Celebrate effort and growth. Praise your child's hard work, progress, and perseverance, not just high grades or outcomes.
- Stay in communication with teachers. Share information about family situations or changes that may affect your child's mood, focus, or behavior.
- Designate a home base for school materials. Create a special place for backpacks, school papers, and communication from teachers so nothing gets lost in the shuffle.
- Encourage daily reading. Read to your child, listen to them read, or talk about what they're reading independently. Model lifelong learning by reading for pleasure yourself.
- Promote independence. Teach your child to take responsibility for their belongings, complete tasks on their own, and ask for help when needed.
- Practice school skills at home. Reinforce what your child is learning by reviewing concepts, playing educational games, or completing short review activities together.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

Your encouragement, consistency, and involvement send a powerful message to your child that learning is valuable and worth the effort. A strong partnership between home and school lays the groundwork for lifelong success.

11.4 Parent-Teacher-Student Compact

The Student-Parent-Teacher Compact outlines the shared responsibilities of families, school staff, and students to support academic achievement and a positive school environment. It includes specific commitments from students, parents or guardians, teachers, and the principal. This compact is an important part of the Academy's family engagement efforts and is included in the Code of Conduct to ensure all stakeholders understand their role in fostering student success.

11.5 Volunteer Guidelines and Background Checks

The Academy welcomes and encourages volunteers to support our school community. All volunteers must undergo a national background check conducted through Navigate360, the Academy's visitor management system. This check ensures individuals have not been charged with child abuse, neglect, or serious criminal offenses.

The Academy reserves the right to approve or deny volunteer service based on the results of the background check and the individual's fitness to work with children. Providing false or misleading information, or discrepancies between submitted information and background check results, may result in immediate denial or revocation of volunteer privileges.

All volunteers must sign in at the front office using Navigate360 upon arrival. A visitor badge will be printed and must be worn visibly at all times while on school grounds. Volunteers are expected to comply with all Academy policies and maintain confidentiality regarding any student information seen or heard during their service.

Volunteer opportunities may include tutoring, mentoring, classroom assistance, chaperoning, or speaking engagements. Parents, grandparents, and friends are invited to become involved. Please notify the school office if you are interested in volunteering.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

To support student safety, volunteers should avoid using cell phones while working with students. Volunteers may not bring younger siblings to school or on field trips without prior approval from the School Leader.

In accordance with Board Policy 9150, the School Leader may deny or revoke visitor access if necessary to protect school safety or minimize disruption.

11.6 Fundraising

Students may solicit only for Academy-sponsored activities. The School Leader, or Board of Directors, when appropriate, must approve fundraisers in writing prior to announcement of fundraising activities, placing orders, or making commitments. Academy students are prohibited by Board Policy from door-to-door solicitation of any type in the community. There will be no exchange of money among students for any purpose unless authorized by the School Leader. Any crowd-sourced fundraising requires School Leader approval.

12. Student Life and Conduct

12.1 School Wide Behavior - PBIS

Students at the Academy have the right to be treated with respect and dignity by both staff and classmates. All students should be included and made to feel welcome in school activities. Teachers promote internal discipline, and staff act as coaches to help students reflect on their choices and grow.

Positive Behavioral Interventions and Supports (PBIS) is a research-based, schoolwide framework designed to teach and reinforce positive behavior, much like academic subjects are taught. It does not eliminate consequences or discipline. Instead, PBIS ensures that expectations are clear, consistently taught, and fairly applied so that students understand how to meet them.

PBIS strengthens the school culture by:

- Providing clear behavior expectations across all settings.
- Modeling and practicing these expectations regularly.

- Teaching students what to do, not just what *not* to do.
- Offering consistent consequences when rules are broken, ranging from redirection to formal discipline.
- Supporting students with the tools to succeed before behaviors escalate.

PBIS supports student accountability and protects instructional time while creating a positive, respectful environment where all students can learn.

12.2 Suspension and Expulsion Procedures

Students who exhibit disobedient, disruptive, violent, disrespectful, threatening, or otherwise harmful behavior may face disciplinary consequences, including detention, in-school or out-of-school suspension, or expulsion. Any student suspended during the school year may be ineligible to participate in overnight field trips.

A student whose behavior poses a risk to the safety or well-being of the school community may be removed from the learning environment. Suspensions of 10 days or fewer may be assigned by the School Leader or designee following an investigation and opportunity for the student to be heard. Suspensions longer than 10 days, or expulsions, require a formal process and written notice to families, including a hearing and opportunity to present evidence.

Before issuing a suspension over 10 days or recommending expulsion, the school will consider the seven required factors under Michigan law (MCL 380.1310d), including the student's age, disciplinary history, disability status, seriousness of the behavior, and the use of restorative practices or other alternatives.

The school may use restorative practices as an alternative to, or in addition to, suspension or expulsion when appropriate. Additional details and procedural rights are outlined in the Code of Student Conduct.

12.3 Seclusion and Restraint

The Academy complies with Michigan's policy prohibiting seclusion and restraint except in cases where a student's behavior poses an imminent risk to the safety of the student or others. All interventions used are in accordance with state law and staff are trained

annually in approved techniques. A written report will be provided to the student's parent or guardian if such an incident occurs.

12.4 OK2Say Student Safety Reporting

We are committed to creating a safe, supportive environment where every student feels protected, respected, and heard. OK2SAY is a confidential and secure program that allows students, staff, and community members to report threats or concerns related to school safety, bullying, self-harm, violence, and other troubling behaviors. It is a valuable tool that empowers individuals to speak up without fear of retaliation. By using OK2SAY, our school community helps identify and prevent issues before they escalate. All reports are taken seriously and addressed promptly in collaboration with school leadership and, when necessary, law enforcement or mental health professionals. In accordance with Michigan law, OK2SAY reporting information is available on the Academy's website and printed on the back of each student's school identification badge.

12.5 Threat Assessment and Management Policy

Our school uses the Michigan K-12 Behavioral Threat Assessment and Management (Mi-BTAM) model as part of a proactive and student-centered approach to promoting safety and well-being. BTAM is an evidence-based process designed to identify, assess, and manage threatening or concerning behaviors before they escalate. It is not a disciplinary tool or criminal investigation, but rather a compassionate intervention process focused on violence prevention and student support.

When behaviors arise that could pose a threat to school safety, a multidisciplinary team composed of school administrators, mental health professionals, special education staff, and others trained in BTAM protocols collaborates to assess the situation. The team uses a fact-based, case-specific process to gather information, evaluate concerns, and develop an individualized support and intervention plan that addresses both student needs and school safety. The process respects the rights of students under applicable laws, including the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act, and the Family Educational Rights and Privacy Act (FERPA).

In situations where a student with an Individualized Education Program (IEP) or Section 504 plan is involved, the BTAM team works closely with the student's special education team to ensure compliance with legal requirements and to develop supports tailored to the student's unique needs. The emphasis is on early identification and positive intervention, not punishment or exclusion. BTAM is not zero tolerance, profiling, or adversarial in nature. It is a thoughtful, student-focused practice designed to foster a safe and inclusive school culture.

Parents and guardians are important partners in the BTAM process. If a student is involved in a threat assessment, families will be contacted and engaged in the process. The school is committed to handling all matters with discretion and respect, and to protecting the privacy of all involved while fulfilling its responsibility to maintain a safe school environment.

12.6 Mandatory Reporting of Child Abuse or Neglect

All staff members at the Academy are considered mandated reporters under Michigan's Child Protection Law. This means they are legally required to report any suspected abuse or neglect of a child to the Michigan Department of Health and Human Services. Reports are made to protect the safety and well-being of all students and are kept confidential to the extent allowed by law.

12.7 Playground and Lunchroom Behavior

The Academy expects students to demonstrate respectful, responsible behavior in the lunchroom and on the playground, just as they would in the classroom. Students are to follow adult directions, treat others with kindness, use equipment safely, and help maintain a clean and orderly environment. These spaces are extensions of the learning environment, and behavior in them should reflect the Academy's Code of Conduct, support a positive school culture, and preserve the safety and well-being of all. Students are responsible for their actions and will be held accountable for behavior that disrupts the order necessary for learning or violates the rights or safety of others.

12.8 Interrogations and Searches

12.8.1 Student Searches by School Staff and Privacy

In accordance with Board Policy 5771 and to maintain safety and order, school administrators may search student belongings when there is reasonable suspicion that a school rule or law has been violated. This includes cubbies, backpacks, bags, lockers, electronic devices, and vehicles on school property.

Students do not have a right to privacy in school-owned storage areas such as lockers or desks. These may be inspected at any time and are subject to routine checks.

Searches of a student's person or intimate belongings will only occur in exceptional circumstances, and must be conducted by a staff member of the same gender with another adult present, unless safety requires immediate action.

The school may coordinate with law enforcement to conduct canine searches of lockers or common areas if there is reasonable suspicion of illegal substances or dangerous items. These searches do not include individual students without consent or a warrant.

All searches will be done respectfully and privately, with written documentation maintained by the School Leader.In accordance with Board Policy 5771 and to maintain a safe and orderly learning environment, school administrators may search student belongings when there is reasonable suspicion that a school rule or law has been violated. Searches of a student's person or intimate personal belongings will occur only in exceptional circumstances when the health or safety of the student or others is immediately threatened. Such searches will be conducted by a staff member of the same gender, with another adult present whenever practical, unless immediate action is necessary to protect health or safety.

When practical, the student will be informed of the reason for the search and the items the school is seeking. Items prohibited by law or Board policy may be confiscated and turned over to law enforcement or other appropriate authorities when required. Parents or guardians will be notified as appropriate.

The school may coordinate with law enforcement to conduct canine searches of lockers, vehicles, or common areas when appropriate. These searches do not include the search of an individual student without the legal authority required by law.

All searches will be conducted respectfully, privately, and in accordance with Board Policy 5771. Written documentation of the search and any items confiscated will be maintained by the School Leader.

12.8.2 Interrogations by Law Enforcement or Outside Agencies

The school has legal custody of students during the school day and at school-sponsored events. It is the responsibility of school leadership to protect students' rights during any interaction with law enforcement or outside agencies. When a student must be questioned at school by law enforcement or agency officials:

1. A school administrator or designee will be present during the interview. If no school representative is immediately available, questioning will be delayed until one can be present, unless there is an immediate safety concern.
2. The school will make every effort to notify a parent or guardian. This includes calling all emergency contact numbers, leaving voicemails when possible, and sending emails to all addresses on file. Unless there is an imminent threat, questioning will be delayed up to one hour to allow for parent response.
3. If the student is taken into custody, the school will request that law enforcement officials follow all applicable legal procedures, including informing the student of their rights.
4. As required by law, the school permits child protective services investigators (e.g., from the Department of Health and Human Services) to interview students without parent notification in cases of suspected abuse or neglect.

12.9 Non-Discrimination and Sexual Harassment

The Academy does not discriminate against applicants, employees, or students on the basis of race, color, religion, sexual orientation, gender, gender identity, disability, age, national origin, political belief, marital status, sex, age, height, or weight in its programs or activities. In addition, students and families who believe they have experienced discrimination based on race, color, or national origin may file a complaint under Title VI of the Civil Rights Act of 1964. Complaints may be submitted through the school's internal grievance process or directly to the Michigan Department of Education, Office of Civil Rights, or the U.S. Department of Education, Office for Civil Rights.

Sexual harassment will not be tolerated in Academy employment practices and/or educational programs or activities.

Inquiries regarding compliance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, or the Age Discrimination Act of 1975, or any other federal or state regulations, may be directed to the School Leader, the Michigan Department of Education, or the Director of the Office of Civil Rights, U.S. Department of Education.

Sexual Harassment

The Academy is committed to providing a working and learning environment based on dignity and respect, free of harassment or intimidation. All those associated with the Academy are expected to foster a climate that is supportive, respectful, and conducive to teaching and learning. Title IX of the Education Amendments of 1972 (Title IX) and the Department of Education's implementing regulations prohibit discrimination based on sex in federally assisted education programs and activities.

"Sexual harassment is unwelcome conduct of a sexual nature. Sexual harassment can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment of a student can deny or limit, based on sex, the student's ability to participate in or to receive benefits, services, or opportunities in the school's program. Sexual harassment of students is, therefore, a form of sex discrimination prohibited by Title IX under the circumstances provided in this guidance" ("Revised Sexual Harassment Guidance: Harassment of Students by School Employees, Other Students, or Third Parties, U. S. Department of Education, Office for Civil Rights, January 2001).

Sexual harassment is among the behaviors that are destructive to a positive working and learning climate, and as such is prohibited by state law, federal law, and school board policy. Any member of the school community who engages in sexual harassment as defined below will be in violation of this policy. The Employee Manual is explicit in its discussion of sexual harassment and consequences of inappropriate behavior by employees.

This policy encompasses behavior of adults towards adults or students, and students towards students or adults.

DEFINITION:

It is a violation of this policy when a person makes any sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when submission to or rejections of advances, requests or conduct is made either explicitly or implicitly a term or condition of the provision of benefits, privileges, employment or placement services or as a basis for the evaluation of academic achievement; or such advances, requests, or conduct have the purpose or effect of unreasonably interfering with an individual's education or career by creating an intimidating, hostile, humiliating or sexually offensive educational or employment environment.

Sexual harassment, as defined above, may include, but is not limited to, the following:

- Verbal or written harassment or abuse,
- Pressure for sexual activity,
- Repeated remarks to a person with sexual or demeaning implications,
- Unwelcome touching,
- Suggesting or demanding sexual involvement accompanied by implied or explicit threats including, but not limited to, one's grades, and job.

FALSE REPORTS:

False (fabricated) claims of sexual harassment can cause permanent damage to the victim of such claims and must therefore be treated as a very serious matter. A false claim may be considered grounds for dismissal of staff, or discipline including the removal from the educational setting for a student, who makes a false claim.

CONFIDENTIALITY:

Reports and complaints of sexual harassment will be kept as confidential as possible consistent with the rights of all parties.

SEXUAL HARASSMENT GRIEVANCE OFFICER:

The Board of Directors has appointed the Chief Administrative Officer, or their designee, as the Grievance Officer who will be responsible for processing all sexual harassment complaints in accordance with the procedure outlined below.

COMPLAINT PROCEDURES:

1. What one person may consider acceptable behavior may be viewed as sexual harassment by another person. Therefore, the victim should make clear to the harasser that the behavior is offensive and must stop. If the victim is uncomfortable in addressing the harasser they should be made to feel comfortable talking to a trusted adult or a member of the school leadership team. If the harasser does not stop the behavior or the victim is uncomfortable confronting the harasser, or if the behavior warrants further action in the opinion

of the victim, the victim should lodge a complaint with the School Leader/Title IX officer/contact.

2. Upon receipt of a written formal complaint submitted by the complainant, their parent or guardian, or signed by the Title IX Coordinator, the school will initiate the Title IX grievance procedure in accordance with 34 CFR §106.45. The respondent is presumed not responsible for the alleged conduct until a final determination is made following a thorough and impartial investigation. The complaint should be as specific as possible, including names, dates, times, places, witnesses, and specific words or actions which were experienced as offensive. In cases involving students, the student's parents and guardians will be notified immediately of the complaint, the steps to be followed, and the ways in which they will be involved in the process.
3. All complaints of sexual harassment will be promptly investigated. Depending on the circumstances, the investigation may encompass any or all of the following:
    a. The alleged victim may write a letter to the alleged harasser describing the offensive behavior, the circumstances under which it took place, the way the behavior made the victim feel, and requesting that the harasser apologize and promise not to repeat the behavior. The School Leader/Title IX officer or assigned investigator will then meet with the alleged harasser, hear the harasser's account of the situation, present the victim's letter, and discuss the matter.
    b. Where appropriate in the opinion of the School Leader/Title IX officer or assigned investigator a meeting will be held between the alleged victim and the alleged harasser to clarify the facts and to attempt to mediate a resolution.
    c. The School Leader/Title IX officer or assigned investigator may interview all parties and witnesses to the alleged harassment.
4. In cases of alleged student harassers, the School Leader/Title IX officer or assigned investigator will determine if these facts constitute harassment. Disciplinary consequences such as detention, suspension, or expulsion consistent with school rules may be implemented. In cases of alleged adult harassers, the School Leader/Title IX officer or assigned investigator will report the facts of the alleged harassment and will determine if these facts constitute harassment The School Leader/Title IX officer or assigned investigator will

recommend to the Board of Directors appropriate action, which could include disciplinary action up to and including termination of employment by Choice Schools Associates, LLC.

5. If disciplinary steps are taken, copies of the reports of facts and the written decision will go to the harasser, the personnel file in cases of adult harassers, and to the parents and guardians in cases of student harassers. The victim, and his or her parents, if the victim is a student, will also be informed of the determination as to whether harassment occurred.
6. Repeated or extreme forms of harassment, violence, or civil rights infringements will result in a recommendation for expulsion or termination from the Academy.

The School Leader/Title IX officer or assigned investigator will make complete records of all sexual complaints, facts, steps taken, determinations, and resolutions, and those records will be securely maintained in the School Leader's office for a minimum of seven years, or longer if required due to ongoing litigation, appeals, or state/federal audit requirements.

The Academy follows a Title IX grievance procedure consistent with 34 CFR §106.45. This includes a clear standard of evidence (preponderance of the evidence), offering supportive measures regardless of whether a formal complaint is filed, and ensuring equitable treatment of complainants and respondents. In accordance with Title IX regulations, K–12 schools are not required to hold live hearings as part of the grievance process. Instead, a trained, impartial decision-maker will objectively review all evidence gathered during the investigation and make a final determination based on the preponderance of the evidence standard. Both parties will have equal opportunity to submit and review relevant documentation and to appeal the final outcome.

The school does not presume the respondent responsible prior to the conclusion of the investigation.

STATE and FEDERAL REMEDIES:

In addition to the above, if someone believes he/she has been subjected to sexual harassment, he/she may file a formal complaint with either or both governing agencies set forth below. The complaint process does not prohibit filing a complaint with these agencies. Each of the agencies has a short time period for filing a claim (EEOC - 180 days: MCAD - 6 months).

1. The United States Equal Employment Opportunity Commission (EEOC)
2. State of Michigan

society.

Everyone has rights and responsibilities. The Code of Student Conduct attempts to preserve individual rights in the school community and deliver academic excellence in a safe, emotionally secure community of learners. Diversity is our strength, and we pursue productive classrooms where all students find meaning, dignity, and sense of community.

The overarching goal of the Code of Student Conduct is to teach students self-discipline and good social skills. We want to keep students in school. Our Positive Discipline Support Plan provides a framework for progressive and constructive discipline practices and in-school interventions for minor misbehaviors. Out of school suspension is reserved for serious infractions of the Code of Student Conduct.

Parents are our most valuable partners. We seek your cooperation and participation in the ongoing development of your child's academic knowledge, skills, and attitudes and social skills. We encourage you to read and review the Code of Student Conduct with your child and encourage acceptable behavior at school.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

SECTION A: A PARTNERSHIP IN RESPONSIBILITY

The Academy is committed to respect for the rights of others. Rules governing discipline and conduct are written so that parents, students, teachers, and the Principal know what is expected of students. By working together under clearly stated and consistently enforced regulations, we can administer firm, fair and consistent discipline practices as called for by the US Department of Justice.

Parents, teachers, staff, the Principal, and the Board of Directors are responsible for helping students develop self-discipline and learn social skills required for work and college. The Code of Student Conduct delineates the partnership that the school and the larger-community share across several broad concepts.

- Environment, which includes the climate of the school.
- Education, which includes preparation and work habits.
- Respect, which includes treatment of others.
- Participation, which includes involvement in school activities; and
- Expression, which includes dress and verbal and nonverbal issues.
- These broad concepts appear in each statement of responsibilities contained in this handbook.

Beliefs

The following beliefs guided the development of the Code of Student Conduct:

1. That schools must be safe and secure for students and staff.
2. That students have rights and responsibilities in the learning environment.
3. That the school is for instruction and learning, and anything that distracts from the learning process must be dealt with by the Principal, faculty, and staff within progressive and positive discipline practices.
4. That students and their parents should be knowledgeable of school and classroom rules.
5. That students have a responsibility to exercise self-control over their own behavior and that teachers and support staff have the responsibility to teach students good social skills and acceptable behaviors.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

6. That the responsibility for discipline is shared among students, school personnel, the Board of Directors, and parents.
7. That the school respects differences in discipline practices at home as long as they are within parameters of the law.
8. That students who violate school and classroom rules must be afforded their rights to due process, which are procedurally, morally, and legally fair and correct.
9. That students, when they violate school and classroom rules, should be assigned corrective measures with the purpose of teaching good social behaviors.
10. That disciplinary measures should be progressive, corrective, and preventive, unless the safety of students is an issue.
11. That disciplinary measures should be firm, consistent, and fair.
12. That the disciplinary measures of the school should be a problem-solving process and should focus on the causes of the infraction and learning acceptable behaviors.
13. That the assigning of disciplinary measures should be reasonable.
14. That students who commit criminal acts should be administered measures that are severe and swift when the safety of the general school population is at issue.

School Jurisdiction

The authority of the school over the conduct of students extends to the following locations:

1. On the school grounds during, before, and after school hours.
2. On school sponsored transportation for all school-related activities and the regular school day.
3. On the school grounds, as either a spectator or a participant at any other time when a school group is using the school.
4. Off the school grounds at any school-related activity, function, or event as a participant or a spectator.
5. When a student's conduct at any other time or place has a direct and immediate effect on maintaining order and discipline, or on protecting the safety and welfare of students or school/staff; and
6. When a student is using school telecommunications networks, accounts, school-issued electronic devices, or other school services.

Student Expression

The Principal will maintain open channels of communication through which students may express their individual or group concerns and suggestions that will be formally and informally deliberated.

We sincerely believe that continued recognition of students' rights and responsibilities will develop within our youth a student philosophy that will nurture their internal strengths, will deter the

influence, and spread of degrading attitudes, and will perpetuate the American ideal of a responsible, democratic system of government.

SECTION C: GUIDELINES FOR STUDENT BEHAVIOR

School leadership, teachers, and support staff are responsible for ensuring that meaningful and engaging instruction takes place and that students who want a high-quality education, receive it. Educators share responsibility to teach students the social and emotional skills required to achieve success in school, including interventions to monitor and change behavior until the individual student demonstrates acceptable behavior as a student and member of the school community.

Attendance

Michigan law places responsibility on each student to attend school on time, every day regularly and on each parent/guardian to send their child to school every day. The Board of Directors requires that all students attend school during the days and hours that the Academy is in session. Students are expected to be at school every possible day because they miss valuable instructional time and fall behind in their studies. Attendance is also an important habit to learn in preparation for work. Each student is expected to receive a minimum of 1,098 hours of instruction to be promoted to the next grade or receive credit in coursework.

Help Your Child Succeed in Life: Build the Habit of Good School Attendance

Did you know?

- It is the parent/guardian's responsibility to get their child to school.
- Missing just five days of school means 30 hours of missed instruction.
- Starting in kindergarten, there is a direct link between absences and reading level.
- One in ten kindergarten and first grade students is chronically absent.
- Students who are chronically absent are 7.5 times more likely to drop out of high school.

WHAT CAN YOU DO?

- Set a regular bedtime and morning routine.
- Lay out clothes and backpack the night before.
- Develop a back-up plan for how your child is getting to school in case something comes up. Call on a friend, family member or neighbor.
- Do not let your child stay home unless he or she is really sick. A stomachache can be a sign of anxiety or avoidance.
- Have your doctor fax or email the school directly.
- Talk to your teacher or Principal if you need additional help or resources

Parents are asked to call the school office to notify the school of their child's absence or to

leave a message on the answering machine whenever their child will be absent from school. Parents are encouraged to notify the office manager prior to 9:00 AM. Parents are to provide valid written documentation stating the cause of absence for the absence to be excused; otherwise, the absence will be considered unexcused.

Absences

Time away from school, just like time away from work for adults, is a precious and limited resource that must be actively and judiciously managed. Regular attendance is important both to preserve valuable instructional time, and to teach an essential life skill. All lost instructional time affects learning, which declines rapidly when ten percent lost learning time is approached. Total lost learning time (TLLT) includes full and part-day absences, late arrivals and early dismissals. Routine illness and appointments will be counted towards students' attendance. It is important to notify the attendance clerk of any absence to confirm the time away from school.

Dove expects an attendance rate of 90% or higher. This adds up to not more than 4 absences per quarter.

If a student accumulates 3 counted absences within the first 30 school days, or their attendance rate falls below 90% at any given point in the school year, our attendance team will send a first notice via email on file. This email will include resources for attendance improvement. Additional resources and support can be provided after determining the specific needs of families. Failure to comply and work to improve student attendance will result in a referral to the Wayne County Truancy department. After the first referral is made, families are responsible to contact the attendance team and set up a time to create an attendance improvement plan together.

When a student is absent from school for ten consecutive days without knowledge of the Principal, the student will be withdrawn from the Academy and the student's directory information will be reported to the truancy office of the intermediate school district and other state and local agencies. During the period of consecutive absences, the Principal and other support staff will attempt to contact the student's parent/guardian.

Absences not counted for attendance intervention: The following five categories should not be included in "days possible" when reporting:

- Snow days and other non-scheduled school closings.
- Medical absences. **Not intended for routine illness**, even if under a provider's care, but rather for

very serious medical events, such as hospitalizations, these are absences ordered and documented, with hand signature, by a licensed health care doctor, with specific dates school must be missed for medical necessity. (This also includes significant life trauma, such as an immediate family member death, as confirmed and approved by appropriate school staff.) Blanket or "under the care of" excuses are not accepted as
"medically absent" unless the student has an IEP or 504 plan specifically addressing the medical issue and approval of appropriate school staff. Routine illnesses are, just like for adults at work, counted absences. These are subject to review and approval by school professionals.

- Communicable diseases: follow the guidelines given by the Wayne County Health Department.
- Court dates: required court appearances for the student with court documentation, and related detention.
- Suspensions and expulsions.
- Preplanned absences that would not negatively affect the student's learning and educational performance as determined by the student's teacher(s) and building administrator in consultation, **may be uncounted at the school's discretion**. *This would include assigned and required learning activities completed before and/or during the absence*. It often may also include a report and/or presentation to the class, with a grading rubric established at the planning stage.

Student Arrival and Dismissal

Doors open at 7:45 a.m for all students. Parents may circle through the parking lot and drop-off their children at the drop-off door of the school; children should proceed to their specific locations for arrival. If you need to enter the building, you may park in the designated parking area and enter through the main entrance vestibule. Students who are leaving school at the end of the school day are to be picked-up at the end of regular class time. Students are to be picked-up by a parent/caretaker or person designated by the parent/caretaker and approved by the School Leader immediately after school or report to after school childcare (when available). Students are not to be unsupervised at any time during the school day or before and after school.

Late Arrival

Students are tardy to school if they arrive after 8:15 a.m. Teachers are expected to begin opening exercises promptly and transition smoothly into instruction. A tardy student must report to the office upon arrival and provide written or oral reason from the student's parent. The School Leader, or his/her designee, will provide the student with a tardy pass to admit him or her to the class that is in session at the time.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

A student who is tardy three times will receive a warning letter sent home to the parents for the parent's signature. If a student receives six unexcused tardies, an attendance intervention plan will be developed with the student, parent, and School Leader. Tardy students interrupt learning for other students.

There are times when a deviation from a student's normal school schedule is necessary. Tardiness will be excused under the following circumstances:

1) Serious illness (accompanied by a parent's note or written doctor's notice)
2) Death in the family
3) Legally required presence at a court proceeding
4) School sponsored co-curricular and extra-curricular activities
5) Religious observations
6) Severe weather, fires, family tragedies
7) Pre-arranged late arrival approved by the School Leader

When a child is tardy between classes, it is the responsibility of the student to receive a pass from the previous teacher. Teachers are encouraged to assist students in transition to the next class. Students arriving in the classroom after the start of class will be considered tardy. State guidelines require that all attendance must be documented and reported to the local Intermediate School District, including late arrivals.

Early Dismissal

Students are expected to attend school for the full day. On rare occasions, it may be necessary to pick your scholar up early from school. The parent is to notify the school in advance by written or personal request for a justifiable reason, including early dismissals for doctor's appointments, religious observations, family funerals, and other pre-arranged events. Students will only be released to parents and adults designated by the parent/caretaker and approved by the School Leader. In child custody situations, the custodial parent must properly inform the School Leader of any limitations. Michigan law calls for students to receive 1,098 hours of instruction.

Expressions and Limitations

Students may exercise the right to freedom of expression through speech, assembly, petition, and other lawful means and have the right to advocate change of any law, policy, or administrative guideline. The exercise of this right may not interfere with the rights of others, nor may oral or written student opinions be used to present material that falls into one or more of the following categories:

Material that reasonably leads the Principal or teacher to forecast substantial disruption of, or interference with, school activities or that endangers the health or safety of students.

1. Material that is libelous or slanderous - statements that are inaccurate or false statements that injure the person as to his or her reputation, cause personal

humiliation, mental anguish, and suffering or other injuries.
2. Material that advocates the commission of a criminal act or is a criminal act as defined by the Criminal Code of the United States, the State of Michigan, the County, or the City of residence.
3. Material that is obscene as defined in the Michigan School Code, as amended.
4. Material, communications, and or actions that are considered to be bullying as defined in the Michigan School Code, as amended, and in Board Policy and administrative guidelines.

Distribution of Literature by Students and Nonstudents
The Principal or his/her designee shall coordinate distribution or display of literature by students enrolled in the school. The material must be approved by the Principal, must not be in violation of applicable Board of Directors Policy, and must bear the name of the sponsoring individuals or school organizations.

Prohibition of Harassment, Intimidation, Bullying, and Hazing

The Academy is committed to providing a safe, respectful, and orderly learning environment and will not tolerate harassment, intimidation, bullying (including cyberbullying), or hazing of any kind.

Bullying and cyberbullying are prohibited on school property, in school-related vehicles, at school-sponsored activities or events, and through the use of electronic communication or telecommunications devices owned or controlled by the Academy. Bullying or cyberbullying that occurs off school grounds but causes a substantial disruption to the educational environment may also result in disciplinary action.

Bullying includes any written, verbal, physical, or electronic communication, including cyberbullying, that is intended or that a reasonable person would know is likely to harm one or more students, either directly or indirectly. Any reference to bullying includes cyberbullying.

Hazing is strictly prohibited. Hazing includes any intentional, knowing, or reckless act directed against a student for the purpose of initiation into, affiliation with, holding office in, or maintaining membership in any group, team, or activity, regardless of the student's willingness to participate. Hazing is prohibited under Michigan law (MCL 750.411t) and may result in school disciplinary action and referral to law enforcement.

The Academy implements Board Policy 5517.01, which establishes reporting and investigation procedures and provides for education and appropriate disciplinary action to prevent future incidents. Students and families are encouraged to review the policy, discuss it together, and promptly report any observed or

suspected incidents to a teacher, administrator, or other trusted school employee. Academy employees are required to report suspected incidents in accordance with Board policy.

Violations of this policy may result in disciplinary action, up to and including suspension or expulsion. Conduct that violates state or federal law may also be referred to the appropriate authorities.

Anti-Bullying Policy

Reference: The Matt Epling Safe School Law, Public Act 241 of 2011, as amended by Public Act 478 of 2014 (MCL § 380.1310b).

The Board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

Bullying and Cyberbullying are Prohibited

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parents, guests, contractors, vendors, and volunteers, is prohibited. All pupils are protected under this policy and, bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

Definition of Bullying

"Bullying" means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
B. Adversely affecting the ability of a pupil to participate in or benefit from the school districts or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
C. Having an actual and substantial detrimental effect on a pupil's physical or mental health.
D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

"Cyberbullying" means any electronic communication that is intended or that a reasonable person

would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.
B. Adversely affecting the ability of a pupil to participate in or benefit from the school districts or public school's educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.
C. Having an actual and substantial detrimental effect on a pupil's physical or mental health.
D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since "bullying" also includes "cyberbullying," any reference in this policy to "bullying" shall also be deemed to refer to "cyberbullying."

Bullying and cyberbullying are prohibited at school. "At school" is defined as on school premises, at school-sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. "Telecommunications access device" and "telecommunications service provider" mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur "at school," as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

Reporting and Investigating Reports of Bullying

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the ESP. Complaints against the ESP shall be reported to the Board. The school shall ensure the confidentiality for any individual who reports an act of bullying

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The ESP or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

The Academy may utilize restorative practices that emphasize repairing the harm to the victim and school community in the correction of bullying behavior, which may include victim-offender conferences that:

A. Are initiated by the victim.
B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim.
C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The Principal is the school official responsible for ensuring that this policy is implemented.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

Confidentiality

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The Principal, or the Principal's designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator's parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publicly disclosed. Please note, however, that if the person reporting the act of bullying is the victim or his/her parent/legal guardian, it may not be possible to address the behavior without disclosing the victim to the alleged perpetrator. The school will discuss this with the victim and victim's parent/legal guardian prior to any such disclosure. Such disclosure must occur prior to any victim-offender conference.

Notification

This policy will be annually circulated to parents and students and shall be posted on the Academy website.

Reporting

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by state statute, the Academy's procedures with respect to bullying are contained within this policy. No administrative guidelines accompany this policy.

- Violates the Student Code of Conduct.
- Fails to meet academic or behavioral expectations.
- Repeatedly misses required practices, meetings, or events without approval.
- Engages in conduct that negatively reflects on the school or the extracurricular program.

Acknowledgement

Participation in school-sponsored extracurricular activities indicates that students and parents have read, understand, and agree to follow this Code of Conduct.

SECTION D: DISCIPLINARY ACTION

Definition of Discipline

Discipline is the positive direction of behavior toward established standards of conduct, fully understood and based upon reason, judgment, and consideration of rights of others. Ideal discipline is self-directed and self-controlled. Schools, community, and parents share the responsibility for helping students develop self-discipline. When self-control falters and self-discipline fails, disciplinary action will be used to protect the rights of others and to ensure uninterrupted instruction by teachers for students.

The Principal will carry out a positive behavior intervention program to help children and families, teachers and support staff, reflect upon their actions and be proactive instead of reactive to teach students self-discipline and acceptable social skills for school and career and college readiness. Positive discipline can be a powerful tool for teaching students to succeed. Intervention options need to consider disciplinary referrals as opportunities for learning, with exclusion reserved for the most serious offenses. The consequence must be reasonable in direct relationship to the seriousness of the misconduct or the pattern of misconduct.

Certain rules and procedures are established to guide students through constructive growth and readiness for careers and college. Parents, teachers, and others responsible for the welfare and education of these students need to cooperate to interpret and enforce these rules.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

Mitigating Factors to be Considered

Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion is considered, the Academy shall consider the following factors:

A. the student's age
B. the student's disciplinary history
C. whether the student has a disability
D. the seriousness of the violation or behavior
E. whether the violation or behavior committed by the student threatened the safety of any student or staff member
F. whether restorative practices will be used to address the violation or behavior
G. whether a lesser intervention would properly address the violation or behavior

Restorative Practices

If the Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and school community caused by the student's misconduct.

Restorative practices may include victim-offender conferences that:

A. Are initiated by the victim
B. Are approved by the victim's parent or legal guardian or, if the victim is at least 15, by the victim.
C. Are attended voluntarily by the victim, a victim advocate, the offender, members of the school community, and supporters of the victim and the offender (the "restorative practices team"); and
D. Would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these. The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Mandatory Permanent Expulsion by Michigan Law

Michigan law requires the Board of Directors to permanently expel a student who possesses a firearm, unless the student provides clear and convincing evidence that one of the following exceptions apply:

(a) The firearm was not possessed by the pupil for use as a weapon, or for direct or indirect delivery to another individual for use as a weapon.

(b) The firearm was not knowingly possessed by the pupil.

(c) The pupil did not know or have reason to know that the firearm possessed by the pupil constituted a dangerous weapon.

(d) The firearm was possessed by the pupil at the suggestion, request, or direction of, or with the express permission of, school or police authorities.

The law provides a process for parents/guardians to petition the Board for reinstatement of the student. The Principal will provide the parent/guardian with procedures to petition for the student to return to school. Parents/guardians should anticipate conditions for reinstatement being established.

Potential Permanent Expulsions

Michigan law requires the Board of Directors to remove a student who:

1. possesses a dangerous weapon in a weapon free school zone, unless the student meets an exception in the law as identified above for firearms,
2. commits arson in a school building or on school grounds, or
3. criminal sexual conduct in a school building or on school grounds, or pleads to, is convicted of, is adjudicated for criminal sexual conduct against another pupil enrolled in the school.
4. For students in grades 6 and above, Michigan law also requires the Board of Directors to remove a student who engages in physical assault against a school employee or volunteer.

The removal for these violations may be a permanent expulsion from all Michigan schools but does not have to be. The Board of Directors will consider the mitigating factors to determine what the appropriate discipline should be.

If a student is permanently expelled, s/he may not attend any public school in the state of Michigan for a specified minimum duration of time. The law provides a process and timeline for parents/guardians to petition the Board for reinstatement of the student. The Principal will provide the parent/guardian with procedures to petition for the student to return to school.

Parents/guardians should anticipate conditions for reinstatement being established.

Additional Mandatory Discipline

For students in grades 6 and above, Michigan law also requires the Board of Directors to remove a student who engages in physical assault against another student, bomb threat or similar threat. The removal may be either a suspension or expulsion but will not be a permanent expulsion. PLEASE NOTE: While an expulsion for one of these offenses is not technically a permanent expulsion from all Michigan public schools, please understand that the local school district may choose not to allow the student to enroll for the duration of the expulsion.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

RETURN TO TABLE OF CONTENTS

Behaviors Warranting Disciplinary Action

Students are expected to meet classroom and school rules and are subject to appropriate disciplinary action, including suspension and expulsion, as set forth in the Michigan School Code. The purpose of disciplinary decisions is to develop self-discipline and social skills required for success in college and work. The positive discipline system is based on behavior intervention supports. Behaviors that interfere with the rights of students to achieve academic success and to be educated in a safe, secure environment are categorized into three groupings, with exclusion from school reserved for most serious infractions and repeated and habitual behaviors that deter teaching and learning.

If a student feels unsafe or threatened, the student or the student's parent/guardian is encouraged to contact the Principal immediately. Individual rights include individual responsibility within the bounds of reasonable behavior expected of all members of the school community. This applies especially to the freedom of fellow students to receive instruction.

Educators must prioritize keeping students engaged in meaningful learning.

This handbook is an administrative guideline developed under Board Policy 1230.01. It supports Board policy and aligns with law and the charter contract.

Discipline Procedures

At all times when students are under school authority, they are expected to conduct themselves in an orderly, courteous, dignified, and respectable manner. In an effort to maintain an orderly atmosphere in the school and on the school grounds, the teacher's authority extends to all students, whether or not the teacher teaches the student in class.

Disciplinary Actions

Disruptive student behavior is subject to disciplinary action by the teacher and/or Principal. Principal and staff are expected to use respectful and accountable intervention strategies, such as staff and student/parent conferences, auxiliary staff intervention and counseling programs, student programs for conflict resolution, peer mediation, anger management, anger prevention, and social skills. Intervention strategies may include anger management and conflict resolution programs for parents. Community based services may be called upon when appropriate. Actions taken by teachers may include but are not limited to:

1. Daily/weekly progress reports for students and parents
2. Time out in the classroom or other secure, supervised area
3. Conference with the student
4. Oral and/or written reprimand
5. Detention during, before and after school

A discipline referral should be sent to the Principal when the teacher has exhausted in- classroom

actions and feels that the student's improper behavior cannot be corrected through classroom management practices without sacrificing safety and/or learning for other students.

After consultation with the student and the teacher (if needed), the Principal will determine the course of action required to provide a safe, secure school. Action taken by a Principal toward students who are disruptive may include but is not limited to:

1. A conference with the student and/or the parents
2. A verbal and/or written reprimand
3. Consultation with behavior interventionist, social worker, counselor, and outside agencies
4. Entering into Individual Student Behavior Plan between student, parent, and Principal
5. Academy appointed advisor to cooperate with parent/guardian to ensure follow-through of ISBP
6. Detention during, before, and after school and on Saturday
7. Focused in school academic alternatives
8. Counseling and psychological services

13. Out-of-school suspension (OSS) (up to five days and up to ten days with approval of the Principal's supervisor);
14. Recommendation for long-term suspension (more than ten days) with approval of the Principal's supervisor and Board of Directors
15. Recommendation for expulsion with approval of the Principal's supervisor.

The Principal, with approval of his/her supervisor, may request an emotional, behavioral, and/or chemical dependency evaluation and treatment and/or counseling recommendation with attention to applicable special education rights afforded children with disabilities.

Corporal punishment is prohibited by Michigan law and is not to be used in any situation.

Incorrigible Behavior: A child is incorrigible when the child repeatedly or habitually engages in unacceptable behavior as defined in the Code of Student Conduct and disrupts the school and or classroom to the extent that the Principal's and or teacher's authority is being challenged. Incorrigible behavior is defined by the Michigan Revised School Code as "persistent disobedience." Incorrigible behavior, and other patterns of behavior, may result in long-term suspension (more than ten school days) of a student from the Academy. Parents and adult caregivers enter a partnership in responsibility with the Board of Directors to cooperate with the Principal, faculty, and staff to demonstrate responsible behavior in situations involving their child. The Principal and

faculty expect parents/caretakers to share responsibility for each student's responsible actions, academically and behaviorally and to enter a partnership in responsibility.

Patterns of Behavior:

1. Parents send and do not support their children at school.
    a. Parent's low expectations: academic and behavior
    b. Parent's reluctant to take responsibility for their own actions
    c. Parent's bad-mouthing school and staff
    d. Parent's being disrespectful to staff
    e. Parent's failure to check in properly, disruption of classrooms, and assaulting employees
    f. Parent's not volunteering and not having school's interests at heart
    g. Failure of parents to cooperate with school in behavior improvement plan
2. Students not accepting academic responsibility for being on grade level or above.
3. Student failure to attend school responsibly (absences, tardies, and not responsible).
4. Student discipline problems.
    a. Bringing community issues to school and trying to solve them at school.
    b. Students having low expectations: academic and behavior.
    c. Students reluctance to take responsibility for their own actions.
    d. Students talking back to teachers.
    e. Rude, disrespectful behavior that escalates into overly aggressive behavior.
    f. Not following teacher directions.
    g. Leaving classroom without teacher's permission.
    h. Lying about situations.
5. Attitude of Learned Helplessness.

Definitions. Out-of-school suspensions are considered in the following classifications:

- **Short-Term:** Short-term suspensions occur when a student is suspended for one school day, up to and including ten (10) school days. The student's rights and privileges of attending school, including extra-curricular and co-curricular activities, are suspended. The child's teacher may suspend him or her for one day or until a parent comes to school and holds a satisfactory conference with the teacher. The Principal can suspend a student for up to five days and for up to ten days with approval of the Principal's supervisor. The Principal or designee must provide the student and the parent/guardian with oral or written notice of the misbehavior and an explanation of the situation. The student will be given the opportunity to tell the Principal his/her version of the event(s). The Principal's decision is final and not subject to appeal. The parent shall be notified in writing of the action taken.
- **Long-Term:** A student can be suspended for more than ten (10) days but less than sixty (60) days following approval of the Principal's recommendation by the Board of Directors or

its appointed representative. Long Term Suspension from school excludes the student from regular school attendance and participation in academy activities until readmitted by the Board. The Standard of review is the preponderance of the evidence, and the school is required by law to do what is in the best interests of the school. While a student's individual situation will be considered, the decision must reflect what is best for all students and staff.

- **Expulsion:** A student can be expelled only by action of the Board of Directors based upon recommendation of the Principal or his/her designee. Expulsion from school excludes the student from regular school attendance and participation in academy activities for the duration of the expulsion. An expulsion can be from sixty (60) schools days up to one hundred eighty (180) school days.
- **Notification:** A letter from the Principal or his/her designee will be sent to the student's parent(s) when the student is assigned detention or out-of-school suspension or is recommended for long-term suspension or expulsion. The suspension notice for *out-of-school suspension (ten or fewer days)* shall include at least the following information:
    1. Reason(s) for the suspension and date(s) of suspension are to be clearly stated
    2. A parent will be contacted to establish a date and time for a readmission conference with the Principal
    3. The student will not be allowed to participate in classroom and school activities during the suspension period
    4. The student is not to go on school property
    5. Appeal procedures shall be clearly stated in detail.

The suspension notice for long-term suspension/expulsion (greater than 10 days) shall include at least the following information:

First Notice and Invitation to Meet

1. The reason(s) for a long-term suspension or expulsion are to be clearly stated
2. A parent should be informed that an investigation is being conducted by the Principal and what the most severe recommendation might be
3. A date and time for a conference is given when a parent, accompanied by the student, are invited to come to school for a conference with the Principal or designee and/or other advisors to present and hear information
4. The student will not be allowed to participate in classroom and school activities during the suspension; and
5. The student is not to go on school property or attend school activities.
6. Information about whether the student will be able to continue to complete homework during the suspension. This is never an option for an expulsion.

Following the conference, the Principal will review the facts with his/her supervisor, and they may

decide to recommend long-term suspension or expulsion to the Board of Directors. The Principal or his/her supervisor will inform the parent(s) and student of the recommendation to reinstate with conditions, long-term suspension, or expulsion. If the Principal recommends long-term suspension or expulsion, the Principal or his/her supervisor will write to the President of the Board and send a copy of the notice to the parent(s) including at least the following information:

Second Notice to the Parent/Guardian of Recommendation to the Board of Directors

1. The recommended action and reason(s) for the recommendation are clearly stated
2. The right of the student and his/her parent(s) or guardian to a hearing before the Board of Directors or its designees for long-term suspension and for expulsion recommendations, including the time, date, and location of the hearing
3. The right to inspect the student's school records and related documents
4. List of all witnesses that may testify
5. The right to an adult advocate, including parents, other adult advisors up to and including legal counsel
6. Subsequently, the Principal will follow-up with the student and his or her parent or guardian of the time, place, and location of the hearing with the Board of Directors or its designee to ensure delivery of the notice and to respond to questions.

Students with Disabilities. Students with an Individualized Education Program (IEP) are responsible for following the Code of Student Conduct. Students with disabilities may be suspended or expelled for inappropriate behavior. In making decisions concerning inappropriate behavior by students in Special Education, the teacher and the Principal are to consult with the student's Special Education resource room teacher to ensure consistency with the student's IEP. Principal is responsible for consistency with specific special education procedures.

Principal may recommend a student with disabilities for long-term suspension or expulsion (greater than ten days) by following these procedures:

1. The Principal will follow regular procedures for long-term suspension or expulsion as described above.
2. Once the Principal has made a recommendation for long-term suspension or expulsion of a student with disabilities, he or she shall hold the Manifestation Determination Review to determine:
    a. if the student is eligible for special education services
    b. if the student is appropriately placed in a special education program; and
    c. if there is a causal relationship between the student's disabling condition and the conduct for which he or she is to be disciplined.
3. The parent will be notified in writing of the time and place of the hearing and its purpose.

4. If a student with a disability is suspended or expelled, the school shall offer free and appropriate public educational services for the duration of the suspension/expulsion or until the student enrolls in another school.

Appeal Procedures

In-school Disciplinary Actions and Out-of-School Suspensions of Ten (10) School Days or Less
There is no right of appeal for discipline decisions of ten (10) school days or less. Nonetheless, should a parent disagree with disciplinary action of the school in these situations, the parent is encouraged to make an appointment with the Principal to discuss the decision. If the parent is still dissatisfied after meeting with the Principal, the parent may contact the Principal's supervisor in writing within three school days of the meeting with the Principal to provide the reasons the parent believes the disciplinary action is not warranted. The Principal's Supervisor's decision is final.

Expulsions and Long-Term Suspensions (more than ten days)

Long-term suspension of more than ten days and expulsion occur when the Board of Directors or a designee terminates the student's rights and privileges to attend school, including extra-curricular and co-curricular activities. Long-term suspension is for eleven (11) to fifty-nine (59) school days, while expulsion is for sixty (60) to one hundred eighty (180) school days. A permanent expulsion is for an indefinite period of time, the minimum of which is set by Michigan law. Reinstatement processes for permanently expelled students are outlined in Board Policy.

Following the Principal's recommendation for long term suspension of more than ten days or expulsion, the Board of Directors, or its designated representative, will hold a hearing within the ten days suspension period to determine whether to impose a long-term suspension or expulsion. The student and parent/guardian must be notified of the allegation, the recommended disciplinary action, the time, date, and location of the hearing, and of their right to attend and participate in the hearing. Prior to the hearing, families will be given an opportunity to review all evidence as well as a list of all persons scheduled to testify.

If the hearing is conducted by the Board of Directors, the decision is final and not subject to appeal. If it is held by a designee or hearing panel of 2 Board members, the parent may appeal the decision to the Board of Directors as follows:

Appeal requests must be made in writing by the parents to the Principal within five calendar days of receipt of the suspension decision, or the right to appeal is waived. The petition to appeal the designee's decision shall be in writing and contain the reason the designee's decision should be reviewed or reconsidered. The parent/guardian is encouraged to provide the Board of Directors with

any information that supports the parent/guardian's position.

All appeals of decisions by Board designated representatives shall be considered by the Board of Directors at its next regularly scheduled meeting. The Board shall make a final decision on the disciplinary action that is appropriate, and its decision shall be final.
